

C2E2 Mission

To prepare stewards of all ages with the skills to make informed decisions that maintain a sustainable environment.

Membership Application

The Coalition for Conservation and Environmental Education (C2E2) is a 501©3 nonprofit of agencies, organizations, and individuals fostering environmental literacy in North Dakota for students, educators, homeschoolers, and citizens since 1995. Our members work together to provide professional development, curriculum, and educational resources for adults. We participate in Environmental and Water Festivals, Earth, Arbor, and History Day events, Envirothon, Eco-Eds, Wildlife and Conservation Camps, Scouts, and 4-H for PreK-12 youth. Everyone should have the opportunity to acquire the knowledge, skills, values, and commitment needed to conserve and protect our natural and historical resources. We take a scientifically balanced approach to promoting life-long learning.

C2E2 is the only recognized affiliate in ND of the North American Association for Environmental Education (NAAEE) and promotes the voluntary *Excellence in Environmental Education—Guidelines for Learning*.

When you become a member of C2E2, you become part of a group of individuals that have many of the same interests and values as you. C2E2 uses their funds wisely to support environmental education and increase our impact. Check out our website at www.c2e2nd.org. Complete this application and become a member today! If you can't join us, please consider "supporting our efforts" with a donation.

The benefits of C2E2 membership include ...

-  Networking and information sharing with colleagues.
-  Creating an environment that is inclusive and respectful.
-  Sustaining environmental education efforts and opportunities across the state.
-  Collaborating with professionals who can tie the classroom to the real world.

Become a member before Earth Day (April 22) and receive the early-bird discount in "green."
